**Subject:** RE: Air Compressor Gold King Mine

Matt and Vince,

On Saturday, it was necessary to have United Rental perform repairs on the compressor unit again. At that time, I discussed with Tony the need to ensure that there is backup / reliable functioning compressor equipment given we are planning to apply shotcrete this week. It was agreed that a second compressor would be provided. Tony requested an addition / replacement unit from United Rental.

Given the exiting unit is not reliably performing, and it appears that previous vendor maintenance resulted in overfilling the oil tank, please resolve with Harrison Western whether to keep the current unit onsite.

Thank you,  
Steve

The air compressor is being supplied by Tony:s employer, Harrison Western. I'll make sure they are aware. Hopefully he is coordinating with them.

FYI,

Due to the continued issues with the compressor at Gold King Mine, Tony has requested a second air compressor (900) through United Rentals for Monday. Please let me know if you have any questions.

Respectfully,

Rich Forte
